A NARROW ESCAPE.

Dramatic Climax to an Exciting Will Contest Case.

The conversation turned on the momentous effects of trifles at times when they were least expected to have any influence at all, and this reminded Mr. Thompson of an episode in his own practice as a lawyer.

"It was the most exciting legal battle of my life," he said, and every one present begged him to tell it.

"A fight was going on for the possession of a large fortune," continued he, while the others settled themselves for the story. "A wayward son was contesting the will of his father, and the case abounded in dramatic features. Charge and counter charge were frequent. The young man was explosive, hot tempered and without character. How much his family had suffered through him no one ever knew. The young rascal had hoped to get his father's vast fortune, and now he saw the case going against him and the money slipping through his fingers. The last link in the chain of evidence was all that was needed, and that would be supplied by the testimony of his sister. Her name was called, and as she stood up—she was a beautiful creature—there arose a buzz of admiration such as sometimes comes from an audience. She flustered at that and hesitated, then started for the witness stand. I got up as she was passing me, intending to reassure her, and accidentally stepped on her gown. Gowns had a slight train in those days. My awkwardness saved her life."

He paused for a moment to note the effect of his words. "The admiration of those in the courtroom was the final touch to that worthless brother. He sprang up and, drawing a revolver from his pocket, exclaimed, 'Well, if I don't get the money you never will,' and fired at her as she came toward him. My checking her by treading on her gown made her step backward, and the bullet missed her by an inch."—Lippincott's.

BITS FROM THE AUTHORS.

Men succeed quicker without women—especially literary men.—Frank Stanton.

Treachery kills a woman's love, while jealousy will keep it burning.—John Oliver Hobbes.

Each of us is born into a world full of duties and responsibilities which we can only discharge by the strenuous and unremitting use of every waking hour.—W. T. Stead.

The word "society" once meant the whole human family. Now it has come to signify merely those whose receptions and dinners are described in the daily papers.—James L. Ford.

Marriage is the finishing school of life. It puts the final touch to our education, rewards us with happiness if we learn its lessons, punishes us with misery if we fail to profit.—Sarah Grand.

In spite of all the romances, men and women are amazingly indiscriminate in their attachment. They select their wives and husbands far less carefully than they select their cashiers and cooks.—G. Bernard Shaw.

His Fatal Mistake.

"Adam was his own boss, wasn't he?"

"Yes, an' ef he hadn't gone ter sleep at de wrong time he'd been so yet!"—Atlanta Constitution.

No man or boy is ever the slightest good in this world unless he has ambition.—Lord Stanley.

POWER OF PURPOSE.

Conceive Your Ambition Clearly and Follow It Courageously.

We all can measure the outward triumph of a man's life, but we rarely measure the forces out of which the triumph springs. Men suddenly emerge into the blaze of fame, and then the world wakes up and wonders how it has all happened. There is no such thing as luck in any world over which God presides. What, then, is the secret? It is purpose. The great victories which men praise are always won first of all in a man's own soul. The great men who stamp themselves ineffaceably on the ages are always the men who are capable of conceiving a purpose clearly and of following it courageously through evil and good report. You may sweep aside as relatively trivial all questions of the range of their gifts, the scope of their intellectual life. The great thing which you have to reckon with is the immense strength and heroic persistency of their purpose.—W. J. Dawson.

Taste and Touch.

Touch, Dr. Andrew Wilson has reminded us, is probably the oldest of our senses. It is also, we may add, the most active where taste has always been assumed to be paramount—at the dinner table. It is a fact overlooked that we like what we like less because we taste it than because we feel it. What is there wonderful in the taste of your perfect, your ripe potato? Nothing or little. But, ah, the feeling! What have the resistance of bread, the sudden coolness of butter, the tenderness of asparagus, the crispness of biscuit, to do with taste? Something almost negligible.—London Chronicle.

Thunderer and Poet.

An early copy of Swinburne's "Poems and Ballads" volume (1866) came into the hands of Dallas, then chief literary reviewer to the London Times, who, after ruminating on what we will call the pygmy poems, strode off to Moxon's with an ultimatum. Either, said he, let them withdraw the book or he would denounce it and destroy it. As they had no wish to be denounced or destroyed themselves, they preferred to accept the former alternative. John Camden Hotten brought out the book.—Fortnightly Review.

How She Won Out.

Gladys—Papa says you're a loafer, Jack. Jack—What reason has he for entertaining such an opinion of me as that? Gladys—He says you spend three or four evenings here every week without having any apparent purpose in coming.—Chicago Tribune.

A Wretch.

Justice—What's the charge against this prisoner? Officer—Yer honor, he's a public nuisance. He's been goin' around in th' dead of night wakin' up night watchmen an' then runnin' away! —Cleveland Leader.

Some successful men are 95 per cent backbone, and some others are 93 per cent cheek.—Chicago News.

Their Only Chance.

A party of soldiers was taken to the shooting range for the first time.

The men first fired at a target 500 yards away, and not one hit it. They were next tried at a target 200 yards away, and still every one missed. They were at last tried at one just 100 yards away, but no one hit it.

"Attention!" thundered the drill sergeant. "Fix bayonets! Charge! It's your only chance!"—Kansas City Independent.

Who would exchange the merry noise of children at play, with the childless home where the clock tick can be heard hour after hour in the dull silence? But there are a great many who would like to people the silent house with the children that fate has refused them. Fate is often in this case only another word for ignorance. Many a glad mother dates her happiness from the day she first began the use of Doctor Pierce's Favorite Prescription. It often happens that with the cure of female weakness and the establishing of the delicate womanly organs in sound health, the way is opened for the joy of motherhood. "Favorite Prescription" is a specific for the chronic ailments peculiar to women. It cures them perfectly and permanently.

No other medicine can do for women so much as "Favorite Prescription." Do not therefore let any other medicine be palmed off on you as "just as good."

"Favorite Prescription" contains no alcohol, opium, cocaine or other narcotic. It is strictly a temperance medicine.

"I can truly say your medicine is a friend of mine," writes Mrs. Arthur Bratt, of Amherstburg, Ontario, Canada. "I am mother of four children and suffered greatly at times of birth of first three. When three months along with the last one I began to think of trying some medicine to ease those terrible pains, and asked our doctor whether there was anything he could give me to lessen labor pains. He said there was nothing that could help me. I then thought I would write to Dr. Pierce. He advised me to take his 'Favorite Prescription.' I started to take it at fourth month. I was very weak, had heart trouble and would faint away two or three times a day. Our doctor could not help me and life was a drag. I would often say, oh, if I could only die in one of these spells; but I took five bottles of 'Favorite Prescription' and felt better every way. Got along well at the time of delivery. I had heard of painless childbirth, and I thought it must be a good medicine that would help those pains, but I know now for myself, and can not tell it plain enough. Your 'Favorite Prescription' is the best medicine as we mothers know. I advise my friends to try it. Baby is now four months old and is a strong healthy boy."

Dr. Pierce's Pellets Cure Constipation.

Not a Society Leader.

An Erie man who has no ambition to be a Chesterfield or a leader of Erie's Four Hundred was invited out to dinner a few evenings ago. He conjured up every excuse imaginable, and as a last resort tried to make his wife believe she was sick and unable to go, but she gave him to understand that she was going and he must accompany her. "Well," he said, "I'm sick myself, but I reckon I'll have to go." And they went. When the first course was brought on the old gentleman filled up pretty well, but seemed to be getting along all right. In the middle of the second course he declared he was full "clean up" and pushed back from the table. "Ahem, you folks jist go ahead an' eat your supper an' don't mind me. I've got to go home an' feed the pigs."—Erie (Kan.) Record.

A Chinese Superstition.

The Chinese have a remarkable superstition about the Chu river, which is the local name on the border for the Chiating. A considerable trade in drugs is borne along this river, for which a special class of boats, composed of very light boards fastened with wooden nails, is built. The natives say that the magnetic attraction of the bed of the river is so strong that were ordinary boats used the iron nails would be pulled out. Along the river banks iron is mined in primitive fashion, and from geological evidence it is believed that the ore is very rich.

Luther's Fireworks.

"In my lecture on mediaeval history I was giving an account of the spectacular burning by Martin Luther of the papal bull which put him outside of the Church of Rome," said a Columbia college professor. "The next day I found this in the notebook of one of the students who had heard the lecture:

"'Luther gives a vaudeville show, accompanied by fireworks.'"

In a Quandary.

Johnny—I wish my folks would agree upon one thing and not keep me all the time in a worry. Tommy—What have they been doing now? Johnny—Mother won't let me stand on my head, and dad is all the time fussing because I wear my shoes out so fast.

Lost Rest.

Deacon Jones—I have been losing lots o' sleep during the past two months. Friend—Yes; I noticed you hain't been attending church much lately.—New Orleans Times-Democrat.

WOULD BE A HARDSHIP.

A Protest Against Certain Proposed Legislation.

Geo. W. Lovie, secretary of the local Building & Loan Association, has forwarded the following communication to the Committee on Building & Loan Associations of the Legislature at Sacramento:

GENTLEMEN—We notice in the press dispatches that it is proposed to incorporate in the Building & Loan law a provision preventing the loaning of more than 50 per cent. of the appraised value of the property loaned upon. We wish to call your attention to the fact that such action would put every "local" association out of business and stop a very large proportion of home building by the laboring classes. The "local mutual" will generally loan 70 or 75 per cent. of the appraised value of the property, and this it can afford to do for the reason that the security committee is fully conversant with values in the local territory, a guarantee of intelligent and conservative appraisement; then the borrower at once begins to pay off the loan in monthly installments, increasing his equity and the value of the security. This is altogether different from a bank loan where the interest is paid semi-annually and nothing upon the principal until the whole is due, in this case the value of the security is lessened as the interest accrues.

Again, the local directors have personal knowledge of the habits and prospects of the borrower, which is very pertinent to the matter, while the investor in free shares will be cognizant of all business transacted by the board.

This Association has loaned as high as 80 per cent. in a few cases where the "moral hazard" was considered excellent, and in proof of our conservative and business-like methods we cite the fact that this Association has loaned since its organization, in 1890, the sum of $1,109,581.74, now has $209,318.96 out on mortgage, and has not a single piece of real estate on its hands, and never met with a loss, nearly all of this amount having been loaned for home building to wage earners, at little more cost to them than monthly rental would have been for the same premises.

We also note a proposition to have all securities deposited at Sacramento, or with a trust company. This would entail much delay and annoyance to those desiring to repay loans, an almost daily occurrence with this Association, and we deem it entirely unnecessary for the fact that no securities have ever been, to our knowledge, wrongfully hypothecated by officers of a "local" association.

In view of the above we respectfully submit that the "local mutual associations" should not be embarassed or hampered in the conduct of their business on account of the laches of the "nationals," and we would suggest that one law might be made to govern local associations doing business entirely within their home county and those counties immediately adjoining, and another for those doing business in territory beyond those limits.

Do Not Neglect Your Eyes.

Dr. J. May, the Palo Alto optician, who regularly visits out of town every two weeks, will be here on Wednesday, March 1st, from 1 to 5 p. m., at Dr. Maine's office. He cordially invites all who have trouble with their eyes to call. No charge for examination.

No Change in Fishing Season.

There will not be any change made in the State law regarding the opening of the trout fishing season. There was considerable talk among some of the game protectors of closing the month of April to anglers, but, in view of the fact that the coast streams run very low in May and that fish of presentable size leave for saline waters during the last freshet, which is generally in April, the proposed change from April to May for the opening of the coast fishing season was considered by the Fish Commission inadvisable and unwarrantable.

ORDINANCE NO. 195.

AN ORDINANCE AMENDING SECTION Seven of an ordinance entitled, "Ordinance No. 194. An Ordinance licensing and regulating the business traffic, vending, disposing and selling of spirituous, malt and fermented liquors and wines or any admixture thereof, in the County of San Mateo, State of California," passed and adopted on the 17th day of October, A. D. 1904, and to add a new section to said ordinance to be numbered Section 16½.

The Board of Supervisors of the County of San Mateo, State of California, do ordain as follows:

SECTION I.

Section Seven of the ordinance of the Board of Supervisors of the County of San Mateo, State of California, entitled, "Ordinance No. 194. An Ordinance licensing and regulating the business, traffic, vending, disposing and selling of spirituous, malt and fermented liquors and wines or any admixture thereof, in the County of San Mateo, State of California," passed and adopted the 17th day of October, 1904, is hereby amended to read as follows:

SECTION 7. No license required by any of the provisions of this ordinance shall be issued by the Tax Collector to any person, firm or corporation, or if so issued, shall be valid, for any purpose unless such person, persons, firm or corporation shall have been first granted a permit by the Board of Supervisors of said County of San Mateo, to obtain the license required by this ordinance and such permit must be in force and unrevoked at the time of issuing every license.

No permit to obtain the license required by any of the provisions of this ordinance shall be granted by the said Board of Supervisors, or if so granted by said Board of Supervisors shall be valid for any purpose unless the following conditions shall have been strictly complied with:

No person, persons, firm or corporation shall have issued to him or them, the license required by this section of said ordinance unless such person, persons, firm or corporation be of good moral character and first obtained permission as provided herein by making application in writing to the Board of Supervisors for permission to obtain the license therein required. The application in writing herein required shall contain and set forth:

First.—The name and residence of the person, persons and of each member of the firm and of each stockholder of the corporation making such application, and the postoffice address to which the complaint hereinafter mentioned may be mailed and addressed, and how long each of said persons has been a resident of said county, and that said person or persons and each member of said firm and each stockholder of such corporation is a native born or naturalized citizen of the United States.

Second.—The particular place and building in which the business is to be carried on and the name of the owner of the premises.

Third.—That the applicant or applicants are the only person or persons in any manner interested in the business asked to be licensed and that no other person shall be in any way interested therein during the continuance of the permission. That said applicant has not, within six months prior thereto, been refused a permit by said Board of Supervisors nor has had any license revoked by said Board within said time. Said applicant shall also file with said application, a bond, in the penal sum of One Thousand ($1000) Dollars, payable to the said County of San Mateo, with two sureties, each of whom must be a resident and freeholder of said County of San Mateo, and neither of whom is an applicant for, nor a holder of any permit or license under this ordinance, and who shall otherwise qualify in the same manner as sureties are required to qualify under the provision of Section 1057 of the Code of Civil Procedure of the State of California, conditioned that the said applicant shall and will conduct the business for which the license is sought, in a quiet, orderly and reputable manner and shall not and will not permit any disturbance of the public order or decorum by any noisy, riotous or disorderly conduct on the premises, and shall not and will not sell, or give away or furnish, any spirituous, malt or fermented liquor or wine or any admixture of the same, to any intoxicated person, or to any minor under the age of eighteen years and shall not and will not permit any intoxicated person or minor under the age of eighteen years to be or remain in or about the room in which said business is conducted, and shall not and will not sell, or give away or furnish any spirituous, malt or fermented liquor or wine or any admixture thereof, between the hours of eleven (11) o'clock p. m. and the hour of five (5) o'clock of the following morning, (unless a "special permit and license" shall have first been duly and regularly issued to him as hereinafter in this ordinance provided), and shall and will obey and abide by all the laws and ordinances now in force or which may hereafter be enacted, regulating places of business where spirituous, malt or fermented liquor or wine or any admixture thereof, is sold, furnished or given away.

Fourth.—No order granting such permission shall be made by said Board of Supervisors until the second regular meeting of said Board after the application and bond mentioned in the third subdivision of this section have been filed.

SECTION II.

A new section is hereby added to said Ordinance No. 194, to be numbered "Section 16½."

Section 16½. No permit or license of any kind shall be issued by any person or persons which will authorize any person, persons, firm or corporation doing business under the provisions of this ordinance to keep open such place of business, or to sell, give away, or furnish any spirituous, or malt, or fermented liquor or wine, or any admixture thereof, between the hour of 11 o'clock P. M. of any night and the hour of five o'clock of the following morning; provided; that any member of the Board of Supervisors of the County of San Mateo, may in writing, signed by him, authorize the License Collector of said County to issue a special permit and license to any person, persons, firm or corporation doing business under this ordinance, and in the township of said county in which said Supervisor resides; to keep open such place of business, on the night in such written authorization mentioned, from the regular closing hour, viz; 11 o'clock P. M. to and until after 5 o'clock of the following morning; upon payment to said License Collector of the sum of three (3) dollars for each such "special permit and license", and the surrender to him, said License Collector of said written authorization; said moneys so collected by said License Collector to be accounted for by him as other moneys received for licenses, and such "special permit and license" shall be good only for the particular night in said written authorization and in said "special permit and license" therein mentioned; and it is hereby declared by the Board of Supervisors of the County of San Mateo, that, if evidence, to them satisfactory, be produced before them showing that any person, persons, firm or corporation to whom a license under this ordinance has been granted by said Board (unless the "special permit and license" hereinbefore in this ordinance provided and mentioned has been issued) has not closed his place of business for traffic in spirituous, malt, or fermented liquors, or wines, at the hour of 11 o'clock P. M. of any night, and has not extinguished all lights in and about said place of business at said hour of 11 o'clock P. M, and has not kept closed said place of business and kept extinguished all lights in and about said place of business until the hour of five o'clock of the following morning, the said Board will forthwith revoke any and all licenses theretofore issued by said Board to the person violating the above provision of this ordinance and will not grant to the person, persons, firm or corporation so failing to obey this ordinance in the above respect, any other or further license to engage in any business under this ordinance licensed; and each and every person, firm and corporation to whom a license is issued under this ordinance for any of the purposes the subject-matter of this ordinance by and by reason of his application for a license to engage in any business by this ordinance licensed, thereby agrees that he will close at the hour of 11 o'clock P. M. of each and every night, his place of business for the traffic in spirituous, malt and fermented liquors and wines; that he will keep said place of business closed until the hour of 5 o'clock of the following morning, and that he will extinguish, at the hour of 11 o'clock of each and every night, all lights in and about his said place of business, and will keep such lights extinguished until the hour of five o'clock of the following morning, and that any failure to close said place of business at the hour hereinbefore specified, and any failure to extinguish or to keep extinguished said lights as hereinbefore specified, shall be a sufficient ground for the revocation, by the said Board of Supervisors, of any and all licenses issued under the provisions of this ordinance.

SECTION III.

All ordinances or parts of ordinances in conflict with any of the provisions of this Ordinance, are hereby repealed.

SECTION IV.

This ordinance shall take effect and be in force from and after fifteen days after its passage.

Passed and adopted as an ordinance of the Board of Supervisors of the County of San Mateo, State of California, this 20th day of February, 1905, by the following vote:

Ayes, and in favor of the passage of said ordinance, Supervisors J. H. Coleman, J. Debenedetti, John MacBain, C. L. McCracken.

DEATH OF DR. IRA G. HOITT.

Close of a Long and Useful Life—Dr. Hoitt's Career.

Ira G. Hoitt, the veteran educator, died at his residence in Menlo Park on Sunday, February 19th, in the seventy-second year of his age.

Dr. Hoitt has been identified with educational work during his forty years' residence in California. He early chose the profession of teaching, was fitted at Phillips Exeter Academy, entered the sophomore class of Dartmouth College in 1857, and graduated with honor in 1860. He entered immediately upon the work of his profession, one of his early schools being under the supervision of John G. Whittier, the Quaker poet. In 1864 he came to San Francisco from the Boston High School, and was elected first principal of the then new Lincoln School. He soon made that the model school of the State, equipped it with a well assorted library, and founded the Lincoln School Medal Fund.

He served as chairman of the Committee on Education in the State Assembly in 1880, and was instrumental in largely increasing the appropriation for the San Francisco Board of Education for two successive terms, and in 1886 he was elected State Superintendent of Public Instruction, and gave to the schools throughout the State the impetus of his remarkable energy and enthusiasm.

On retiring from the Superintendency he founded a private school for boys at Burlingame, and continued its successful management until a year ago, when failing health caused him to retire to private life.

Dr. Hoitt was a man of fine physique, great energy and perseverance; broad and progressive in his views, and with such true sympathies and genial personality as attracted all those whom he met. Thousands of pupils and teachers who have come within the sphere of his influence will remember him with kindly regard and regret his death. A widow and two children survive him.

The funeral services were held at his residence at Fair Oaks on Tuesday morning, Rev. Mr. Gallwey officiating, and were very impressive. The boys of Hoitt's School formed the choir, and sang the hymns that the Doctor most loved, and afterward escorted the funeral cortege to the station. Six of his former pupils, now young business men in San Francisco, acted as pallbearers. Further services were held in the city, attended by large numbers of his city friends. The floral tokens were numerous and most beautiful. If anything could reconcile one to the loss of so good a man, it would be the universal honor and affection now shown to his memory.

BASKET BALL.

The Redwood Team Goes to Campbell with a Full Staff.

The basket ball game between the Redwood City High School and the Campbell Union High School at Campbell, Wednesday, was a closely contested struggle, though the score which stood at the close 8 to 2 shows that the local players were by far the best in the freshman class.

The Redwood girls were accompanied by a number of their friends, including all the staff of the school, Professor F. S. Rossiter, Principal Misses A. J. Bristol and F. G. Howard, and J. C. Hennings. The whole party numbered twenty-seven, and was much elated over the victory.

The Redwood team was made up as follows: Captain, Lottie Genochio; goal, Celia Watrous; centers, Margaret Cerrity (first half), Alma Nobs (second half), Edna Hayward; guards, Lulu Beeger, Natalie Hansen; umpire and coach, Mr. Eisenmann of Stanford.

The Campbell team was composed of the following: Captain, Vera Fablinger; goal, Alma Carter; centers, Mildred Duncan, Audry Keesling; guards, Ernestine Kennedy, Irene Pannell; linesman, Lucy Joy; coach, Miss Catton; umpire, Miss Nina Davison. The referee was Miss Beeger of Stanford.

COUNTY BOARD IN SESSION

Official Business Transacted by the Supervisors at Last Meeting.

The Supervisors Refused to Give a Liquor License to J. H. Hatch at Burlingame.

The Board of Supervisors met in regular session Monday. All the members were present.

Mr. Chappell explained to the Board that a petition had been filed some time ago asking that a fence be removed from the extension of Atherton avenue and no action had been taken upon it. He urged the Board to take up the matter. The road fenced off to 40 feet when it should be 60 or 80 feet. The fence was put there temporarily to protect some small trees but there was no further use for it. The Chairman made an order that the petition would be acted upon at the meeting to be held March 20th.

At the request of Archer Kincaid the application of L. Semi for a liquor license to do business in the First Township went over until March 20th.

A. D. Jenevein was granted a liquor license to do business at San Bruno. D. E. O'Keefe and H. F. Butts having qualified as bondsmen. At the last meeting the application was laid over for the reason that one of the bondsmen A. J. Fromm, being a saloonman was disqualified to act.

A liquor license was granted E. L. Archibald of Belmont. The bondsmen B. F. Yount and William Bement being satisfactory.

The application of J. H. Hatch for a liquor license to do business at Burlingame waa laid over until the afternoon session of the Board.

A notice was received from the State Board of Examiners showing that the sum of $117 had been forwarded by the Superintendent of the County Hospital for the support of orphans and half orphans. The report was ordered filed.

A communication was read from the Pacific Coast Marble Company asking the privilege of furnishing the new courthouse with a high grade of marble. F. Meyer representing the firm submitted samples and same were carefully considered by the Board, but no action was taken.

Edward Bullivant presented an application to be appointed janitor of the courthouse. On motion of McCracken seconded by Eikerenkotter said application was filed for future reference.

MacBain offered a resolution declaring the office of janitor vacant after February 28th and nominating Edward Bullivant for the place. There being no second to the resolution it was lost.

At the request of Geo. C. Ross all matters pertaining to the cemeteries in the First Township were deferred to May 15th.

Ordinance No. 195 amending ordinance No. 194 was taken up and discussed. Eikerenkotter thought the section open after 11 o'clock should be eliminated or else a nominal sum charged so that the saloon-keeper doing a small business could occasionally keep open as well as others who could afford to pay for permits.

MacBain vigorously opposed the objections raised. He said that as the upper end of Santa Clara County did not tolerate saloons Menlo Park became a dumping ground for all objectionable classes and that a good charge ought to be made for a permit. He suggested that $3 be fixed for permits. McCracken thought that $2.50 was sufficient. After some discussion the $3 rate was agreed upon. The ordinance was adopted on motion of McCracken seconded by Debenedetti, Eikerenkotter voting "no". He explained his vote, stating that he did not approve of the permit clause.

Afternoon Session.

The Board met at 1:30 pursuant to adjournment during the morning session. All members were present. The application of J. H. Hatch for a liquor license to do business on lot 22 block 11, Burlingame, was acted upon.

Edward F. Fitzpatrick represented the Howard Estate and Jas. T. O'Keefe the applicant. The Clerk read the following protest against granting the license:

To the Honorable the Board of Supervisors of the County of San Mateo: Your petitioners respectfully represent that they are the owners of lots or land or have interests in lands in the district bounded on the Bay of San Francisco, on the north by Buri Buri Rancho, on the west by lands of Spring Valley Water Company, and on the south by the southerly line of San Mateo Park and the northerly line of the San Mateo Land Company's land, known as "San Mateo Heights";

That almost all the land within said district, sold within the last ten years, has been sold and conveyed upon condition that no intoxicating liquor of any kind whatever should be bargained, sold, traded or dealt in at or upon the premises sold;

That all the land in the Burlingame Rancho, of which the Burlingame Club Tract and vicinity are part, has been sold and conveyed and land therein is still being sold and conveyed by the Occidental Land and Improvement Company, the owners of said Burlingame Rancho, upon said condition;

That the estate of William H. Howard, deceased, the estate of William Corbitt, deceased, the Burlingame Land Company and owners of San Mateo Park, have sold and conveyed and are still selling and conveying lands within said district upon said condition, to-wit, lands in the Town of Burlingame, lands in the Corbitt Ranch and in the San Mateo Park;

That the block 11 mentioned in the petition of J. H. Hatch for a liquor license, is part of said Town of Burlingame, and was owned by Anna D. Howard, and parts thereof have been sold by her without such condition;

That your petitioners are opposed to sale of intoxicating liquors in said district;

That the sale of liquor at any place within said district, and particularly in said block 11, would hinder the sale of land in such district to such kind of persons as have been accustomed to buy lots or land therein, and would be very offensive to the inhabitants of said district and your petitioners;

That the Burlingame Land Company, Occidental Land and Improvement Company, Estate of William Corbitt and Estate of William H. Howard and the owners of San Mateo Park have gone to great expense, to-wit, more than $100,000, and still further expense will be incurred by them or some of them, in laying out avenues and streets, planting trees, laying sewer and water pipe and macadamizing avenues and streets in said district, for the purpose of selling and conveying upon said condition the land, in lots for homes, for people who desire to erect improvements and who are opposed to the selling of liquor in their vicinity or neighborhood;

That the most of the lots sold within said district have been sold to such people, and they have been glad to purchase lots upon said condition and at prices for the same.

Wherefore, your petitioners pray that a liquor license be not granted to said J. H. Hatch, and that the petition of said Hatch for a liquor license in said block 11, Burlingame, be denied.

Chris Lang, Mary Gervais, Martha Chapman, William Eldred, Caroline M. Crockett, Geo. W. Gates, John Clark, George Farrell, M. McLeod, Kenneth McLeod, M. D. Tobin, Nels Mauritz, Alfred Carlson, Victor Peterson, Mrs. Margaret Sheehan, Mary Lang, D. C. Brown, Burlingame Land Co., by B. S. Moody, Estate of William Corbitt by B. S. Moody, H. D. Scott, Burlingame Improvement Co., J. M. Vickerson, F. Durant, I. Lagnens, Geo. W. Gates, P. L. Sheehan, P. E. Meyer, W. P. Scott, Francis Carolan, J. L. Rathbone, H. H. Scott, F. Gates, Wm. Best, J. M. P. Jackson, J. C. Morrison, E. H. Ellis, W. H. Matthews, Geo. W. Dickey Jr., A. B. Emerson, Albert King, F. G. Whiskey, Mrs. Geo. W. Gates, S. H. Whipple, P. J. Kindelson, J. D. Grant, Occidental Land Co., Geo. C. Ross.

A petition in favor of granting the license was also read signed by residents of Burlingame.

J. H. Hatch was sworn and said that he purchased lot 11 from Mrs. Howard paying a big sum for it, for the reason there was no restrictions in the deed to prevent him from conducting a saloon on the property. It was in a business portion of the town and if granted a license he would conduct an orderly place. He explained that objections came from those desiring of selling lots on that locality for fancy prices.

Edward Howard, Mr. Pickering, and J. B. Casey all testified that the [illegible] dence place and fine homes had been built there and a saloon would be a detriment to the property. A clause was inserted in all the deeds preventing the sale of liquor except in block 11.

No objections were raised to Mr. Hatch personally but the establishment of a saloon would have an evil influence. Both attorneys argued at some length for their respective clients. On motion of MacBain seconded by McCracken the prayer of the petition was denied, Debenedetti voting "no."

All matters pertaining to the court house plans were deferred to March 6th.

Geo. C. Ross presented an application of Recorder Johnston for extra clerical assistance to enable him to prepare the abstract of mortgages for the Assessor. On motion of Eikerenkotter seconded by McCracken the Recorder was allowed $125 to secure the necessary assistance.

Mr. Ross explained that the El Cerrito Land Company was about to commence suit against the county to quiet title to the old Crystal Springs road which had been abandoned. In order to expidite matters he requested that the Chairman be empowered to act in the matter for the county. On motion of McCracken seconded by MacBain, Chairman Coleman was authorized to confer with the District Attorney in reference to the suit.

MacBain brought up the matter of the extra rock furnished to Clark & Henery for the Fair Oaks bridge during P. H. McEvoy's administration. MacBain stated that the county furnished fifty yards and should be paid for that amount. The contractors, however, claimed that they were willing to pay for thirty-five yards and no more. The matter was continued to March 6 when Mr. McEvoy will appear before the Board and explain the real status of the case.

No further business appdaring the Board adjourned to Monday, March 6th.

Moving Pictures.

On Tuesday evening, March 7, Charley Backenstoss will give a two-hours' programme of moving pictures, illustrated songs and stereopticon slides in I. O. R. M. hall, Whal building, under the auspices of Indianola Council, No. 57, Degree of Pocahontas. A special feature among the stereopticon slides will be a set of McKinley pictures taken by the exhibitor during Mr. McKinley's tour through California three years ago. No other set like them in existence, he being the sole owner. Included in the set of eight is an exact reproduction of the massive bouquet in colors presented to Mr. McKinley in San Jose. Also, a large number of slides made from scenes in and around Redwood City, while the moving pictures, thirty in number, are from a carefully selected stock and are sure to please everyone both young and old. Very low prices will prevail so don't stay away. Admission, 15 and 25 cents.

TOWN COUNCIL.

Takes No Action on Saloon-keepers Second Application.

Trustee Luscher was absent at the City Council meeting Monday night.

Joseph Rodgers, whose application to change the location of his saloon was denied at the last meeting, made an effort to have the matter again taken up by the board by presenting the following communication:

To the Honorable Board of Trustees of the Town of Redwood City—Gentlemen: The undersigned respectfully asks that the action of your honorable board taken at your last meeting, whereby his permit to change his retail liquor license was rescinded, be reconsidered, and that the permit heretofore granted to him be again granted and that the permit requested under his original application be considered and favorable action taken thereon.

Yours respectfully,
JOSEPH RODGERS.

The communication was accepted and placed on file.

The city engineer was directed to prepare plans for curbing on Second, Third, Fourth and Arguello streets and to draft specifications for paving Main and A streets with asphaltum.

A deed executed by J. H. Hatch and wife was presented conveying to the town a portion of block 73, which the board voted to purchase at the last meeting. The deed was accepted and ordered recorded and the Clerk directed to draw a warrant for $100, the price agreed upon, in favor of Mr. Hatch.

Seven Years In San Quentin.

Charles Hall was convicted of burglary in the Superior Court yesterday afternoon on two counts. On one of these he received a sentence of two years, and on the other five years. Hall was caught red-handed in the act of making off with some clothing belonging to John Debenedetti at South San Francisco. He was seen to enter the house, and was caught a few minutes later with the goods on his person. By good behavior Hall may lessen his sentence to about five years.

Belmont Educators To Coach.

Billy Reed, sub-master at Reed's School, Belmont, has been engaged as coach for the Harvard football team. He will receive a salary of $3500 a year from Harvard College, and it is understood that the alumni will provide $1500 more, making in all $5000 per for his services. James Lanagan, an instructor at Belmont, has accepted the position of coach at Stanford at a yearly salary of $2000 and all expenses for a yearly trip to Yale or Harvard to study new methods.

New Gas Mains.

Two carloads of three-inch gas pipe came in Thursday for the Palo Alto Gas Company. This will be used for laying the general supply main between the College City and Redwood. A carload of fittings arrived at the same time. This includes regulators, couplings and pipe for houses. The couplings are a new patent specially adapted for service for high pressure gas distribution. A large number of men are now at work at the gas company's property near the freight depot painting the pipes. The pipes have been given one coat already, and the second coat of red lead and oil is now being put on. Work will be started at Palo Alto and Redwood about the first of next week on the general mains, and the street distributing mains will be laid at the same time.

Harry Morey has been awarded the contract to lay the water mains in the Seale track near Palo Alto.

Mrs. McIntyre, wife of Professor McIntyre, has gone to Salinas City to spend a few weeks with friends.

A. W. Bell is placing the Menlo Heights tract on the market again. These lots are now offered on very attractive terms.

M. F. Duff and Eugene Crane, who have been on the sick list for the past few weeks, are now able to be around.

On March 7 the members of Menlo Parlor, N. S. G. W., will attend the open installation ceremonies of Pacific Parlor, San Francisco. The parlor will go in a body.

Mr. and Mrs. George Stanley of Palo Alto leave next week for San Francisco to live. Mr. Edwards of the Haberdasher will occupy the cottage at 1020 Waverly street.

Those having charge of the St. Patrick's Day program have about completed all arrangements for the entertainment. Rev. Father O'Neill of St. Rose's parish has been chosen orator of the evening.

Supervisor MacBain received this week a mammoth iron roller weighing six tons, and one of the latest improved road graders for the Third Township. The heavy machinery was taken from the cars by H. B. Morey.

Harry Moore was one of the first pupils to attend the Lincoln grammar school at San Francisco when the late Ira G. Hoitt was principal. Ever since then a warm friendship existed between student and teacher.

This week J. B. Coryell about completed the purchase of rights of way from Redwood City through Portola, Woodside and to the San Jose main county road in Santa Clara county, for the A. O. Hale interurban electric railroad. These are the first rights of way bought by the company in San Mateo county.

Wednesday morning a twelve-pound baby boy was born to Mr. and Mrs. Geo. Casey. The proud father is to name the boy George Washington, the youngster having arrived from babyland on Washington's Birthday. "Uncle Willie" was the first utterance of the new arrival and future statesman.

The Board of Supervisors passed an ordinance last Monday which compels all the saloons to close at 11 o'clock. The terms of the ordinance are to be rigidly enforced so that no saloons will be opened after that hour and should any one violate the law their license will be taken away. On March 7th the new ordinance goes into effect.

Mr. Curtis Tobey is seriously ill at his home in the Mills tract. Some weeks ago he suffered a stroke of paralysis, which has relieved him of his physical strength, leaving him in a precarious condition. Mr. Tobey [illegible] one [illegible] drymen in San Francisco, and a gentleman of the highest worth and honor.

Thursday evening in Duff & Doyle hall, a meeting was held by the citizens to further consider the proposition of lighting the town. John MacBain, chairman of the committee appointed at the last meeting to secure facts and figures for the installation of a lighting system, read a lengthy report of the committee, showing that the proposed system would cost $115 within the district and a flat rate of $26 per month for the current. The district is to include the town proper and extended down to the Middlefield road. Three 32-candle-power lights are to be in front of the Catholic church and the same in front of the olled road leading to John T. Doyle's residence. The necessary amount per month has already been guaranteed by subscribers within the district. The contract has been signed by the company and everything is now completed and the report was unanimously adopted. The work of putting up the poles was commenced this week, so that the town will be lighted by March 1st.

William, the youngest son of Mr. and Mrs. Con Maloney, was sent to Palo Alto on the 7:30 train Saturday evening to make some purchases. He returned on the 8:15 train and on his way home was sand-bagged by four tramps some where near the railroad tract in the vicinity of Mr. Maloney's residence. He came home in a dazed condition and in a rambling way told how he was assaulted by the tramps who took his packages. The boy remained in a semi-conscious state for three days but is now recovering from the effects of the assault. Constable Clarence Hill arrested four tramps at the big tree at San Francisquito Creek. The articles bought by young Maloney were found in their possession, but they said they found them lying near the tract to the rear of the Maloney residence. The tramps strenuously denied having sand-bagged the boy. The latter distinctly states that one of the tramps wearing a wide-brimmed white hat was his first assailant. The men were taken to Redwood City to await the result of the assault. Thursday Judge Hannon sentenced three of the culprits to serve twenty days in the County Jail. The other man was released from custody.

Former Pastor Passes Away.

Rev. James Warren, the pioneer minister who died in Washington last Friday, was the first Congregational minister in this county. Dr. Warren started the First Congregational Church in San Francisco fifty-five years ago, and after a few years' ministry there took up missionary work in this county. He was instrumental in organizing the church at San Mateo, and held services for a time in Redwood City. Rev. H. E. Jewett, formerly of Redwood, conducted the funeral services, which were held in the First Congregational Church, San Francisco, Wednesday. The interment was in Cypress Lawn Cemetery.

BLACK-DRAUGHT STOCK & POULTRY MEDICINE

This great stock medicine is a money saver for stock raisers. It is a medicine, not a cheap food or condition powder. Though put up in coarser form than Thedford's Black-Draught, renowned for the cure of the digestion troubles of persons, it has the same qualities of invigorating digestion, stirring up the torpid liver and loosening the constipated bowels for all stock and poultry. It is carefully prepared and its action is so healthful that stock grow and thrive with an occasional dose in their food. It cures hog cholera and makes hogs grow fat. It cures chicken cholera and roup and makes hens lay. It cures constipation, distemper and colds in horses, murrain in cattle, and makes a draught animal do more work for the food consumed. It gives animals and fowls of all kinds new life. Every farmer and raiser should certainly give it a trial.

It costs 25c. a can and saves ten times its price in profit.

PITTSBURG, KAS., March 25, 1904.

I have been using your Black-Draught Stock and Poultry Medicine on my stock for some time. I have used all kinds of stock food but I have found that yours is the best for my purpose.

The Benefits of Sugar.

A correspondent remarks that sugar has modified the history of Europe and of the world in more ways than one. Used in England four centuries ago almost exclusively in the preparation of medicines and long afterward an article of luxury only accessible to the rich, it has by enlarged production and cheapened manufacture been brought within the reach of all. The universal use of this practically pure carbohydrate, which is not only a freely burning fuel and proteid sparer, but a muscle food, increasing the power of doing work and lessening fatigue, must have had widespread and beneficial effects on the national health. Especially in the case of children, whose greed of sugar is the expression of a physiological want, has that food been valuable in conducing to growth, contentment and well being.—St. James' Gazette.

Hams.

A mother sent her twelve-year-old daughter to the pork butcher with money to purchase a ham. "Tell Mr. —— that I want a ham exactly like the last two I bought," she said, and when the little lady arrived at the shop she delivered the message thus: "Mr. ——, mamma says she wants another ham off the same hog as the last two she bought." How many of us wish that when we accidently pick up a first rate ham the same hog could keep on producing its like for time and eternity! As the butcher says: "Hams run peculiarly. We may have 'em all fine for a month or two; then they suddenly get tough and dry and hard and altogether disappointing."—New York Press.

THE DANCE IN SPAIN.

It Is an Essential Part of the Life of the People.

Dancing is a universal instinct with Spanish women. The great annual feria at Seville is largely an orgy of dancing. As evening approaches everywhere one begins to hear the sound of castanets and to see the gracious movements of the seguidilla, the universal Andalusian dance.

But the fundamental instincts of the Spaniard for dancing and the serious and profound way in which it expresses the temperament of the people are perhaps shown by nothing else so much as by the existence of religious dancing in Spain. At the time of St. Thomas of Villaneuva, bishop of Valencia, it was customary to dance before the sacred elements in the churches of Seville, Toledo, Jerez and Valencia. Religious dancing continued to be common in Catalonia and in Roussillon (the most Spanish of the French provinces) up to the seventeenth century.

But a real and unique survival of religious dancing is the dance of the seises in Seville cathedral, when the choristers, wearing the same costume as they were 400 years ago, perform a dance to the accompaniment of castanets in the space between the high altar and the choir.

Dancing is something more than an amusement in Spain. It is part of that solemn ritual which enters into the whole life of the people.—Twentieth Century Home.
